### INSTALLATION INSTRUCTIONS

1  
Install mud cover, set concrete box. Install plugs in openings not used for conduit. Pull conductors through openings.

1a  
(Concrete poured around box.)

2  
After concrete sets, trim box to finished floor height.

3  
Install mounting bracket on concrete box...

3a  
...through (4) outer holes on bracket, into corresponding holes in the box (#8 screws provided).

4  
Wire tamper resistant receptacle, install in box.

Install back plate and gasketed cover (#6-32 screws provided). Insert threaded blanks.

Supplied spacers allow for adjustment to final floor thickness.
