CULUS PATENTED.

E360447

FEATURES AND BENEFITS

• Easy secure installation, spring clip holds box securely against the surface when screws are tightened

- Round trapdoor cover hides miscut openings and closes flush with countertop
- \bullet Fits granite or other countertop material up to 1-1/2" thick

• Easy 'no glue' installation

- Determine box location. Cut a 5" diameter opening in countertop. Insert box, bending the clip as necessary to go through opening.
- 2) Secure box to countertop by tightening two #10 screws inside box...
- 3) (underside of counter)...drawing the box securely against the underside of the counter. NO GLUING!
- 4) Wire receptacle in accordance with National, State, and local codes.
- 5) Install trapdoor cover plate to box using the two #6-32 screws provided. Note: Round cover hides miscut openings.
- 6) Rotate box/cover assembly into position, lining it up parallel with the countertop and back splash.
