Manufacturers of Quality Electrical Products

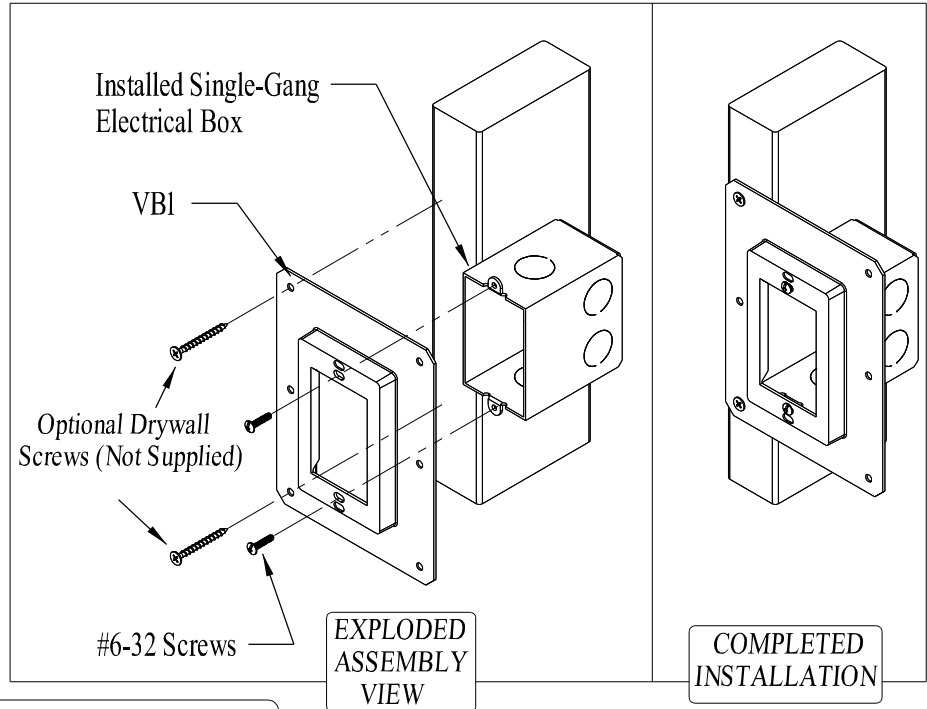

Contents:

- (1) VBI
- (2) #6-32 x 3/4" Long Screws

Installation Instructions:

1. Place VBI over installed plastic or metal single-gang box.
2. Secure VBI to electrical box using supplied #6-32 screws. VBI can also be secured directly to stud through indents in flange if desired using #6 drywall screws (not supplied).
3. After wallboard is installed, remove previously installed #6-32 screws from the device box and discard.
4. Complete installation of desired devices.

WARNING: Make sure power is OFF at main panel before installing.

All wiring must be in accordance with National (NEC/CEC), State and Local Electrical Codes.

If you have any questions or if parts are missing from your VBI kit, Please call our Customer Service Department at 1-800-233-4717. Do not call or return this product to your local store or distributor.
