Panel, Box or Enclosure**

Catalog Number	UPC/DEI/NAED Mfg. #018997	Description	Unit Pkg	Std Pkg
2450ST	10909	SNAP-TITE® Transition Fitting for 1/2" trade size threaded fittings	50	50

Arlington's **SNAP-TITE® Transition Fitting** offers the time-saving solution for installing *additional* conduit or cable in an already congested panel.

2450ST is the adaptable transition fitting that allows installers to work around tightly spaced, *installed* fittings in a panel, box or enclosure – where installing *and tightening* additional locknut fittings would be difficult.

**Convenient, Time-Saving**

**2450ST** snaps into a 1/2" knockout and connects standard 1/2" trade size threaded fittings or threaded pipe.

- Use in Dry Locations Only
- cETLus Listed

*Arlington manufactures a variety of time-saving SNAP-TITE® and SNAP2IT® connectors. They offer easy, secure, snap in installation. No Tools! And fit the widest range of MC cable.*
