# Non-metallic Exterior Keypad Enclosure

*Low Profile for Good Looks • Weatherproof-in-use Cover*

**NEW!**

Try Arlington's recessed IN BOX® keypad enclosures for low profile good looks – and easy, secure installation. It attaches to a variety of exterior surfaces through four mounting holes. *No gaskets required.*

The new one piece DBLV series enclosures install a power or low voltage keypad *in the wall* so less shows outside. Only the cover extends beyond the wall.

- White non-metallic 2-gang recessed enclosure with heavy-duty, clear or paintable white plastic cover

- Styles for new construction: stucco, textured surfaces, vinyl and rigid siding – and retrofit
- Fits most keypads and digital controllers
- Inside dimensions: 5" x 5"
- Textured, paintable trim plate covers edges of finished wall surface
- Horizontal or vertical mounting (raintight **ONLY** when mounted with latch at bottom)

Secure installation
