UL/CSA LISTED SUPPORTS & ENCLOSURES

GARD-N-POST®

Arlington's **Gard-N-Post®** are the attractive, safe and easy way to install light fixtures and devices outdoors!

We offer a variety of styles, from 9" to 73" tall that function as supports or enclosures – or both!

Made of non-metallic, heavy-duty plastic, our damage-resistant Gard-N-Post holds up against abuse from lawn maintenance equipment.

Most have built-in stabilizers that deliver rigid support and require no assembly. The angle-cut at the bottom allows for easy access to underground wires (Not applicable to GPD9 deck/post mount style or the GPLN15GR low profile support.)

Plus, the colorant runs throughout the post, so there's no chipping or loss of color.

For added convenience, **GP19**, **GP26** and **GP37**, our most popular sizes, come with a supplied separator so you can install power and low voltage outlets in the same post.

Some styles come with a metal grounding bushing in place, ready for the installation of an NPT fixture. And some have KOs that make them UL Listed enclosures.

**Whatever your need,
there's a Gard-N-Post to fit!**

GP19 • GP26 • GP37
**One post.
Two openings.**

FOR ANY OUTDOOR LIGHT FIXTURE UP TO 18 LBS

GP19 19.5"

GP26 26"

- Openings on both sides of the post allow for back-to-back power – use the supplied low voltage separator to install power and low voltage outlets in the same post
- Built-in stabilizers require no assembly and deliver rigid support
- Designed for easy access to underground wiring
- Two 1/2" KOs for a low voltage UL Listed enclosure
- Three 1/2" KOs for a power UL Listed enclosure
- For any outdoor light fixture up to 18 lbs, with 1/2" or 3/4" NPT threads, and/or a GFCI wiring device
- Four colors
- Competitively priced

Patented.
Other patents pending.

GP19 19.5" Height
